**MENTALIX, INC.**  
**Fed Submit TXMAS Price List**  
Effective February 20, 2013 (Rev. 6.4)

**Notes**

1. **Warranty Information:** Mentalix warrants that the products will substantially conform, as to all material operational features, to Mentalix's applicable standard written specifications, provided that it is used on the computer hardware and with the operating system for which it is designed, and will be free from error that substantially adversely affects performance for a period of ninety (90) days from the date of purchase. This limited warranty shall not apply to any product that Mentalix determines has been subject to misuse, neglect, improper installation, repair, alteration, or damage by you. The purchase of maintenance for all products effectively extends the warranty to one year.
2. **Annual Maintenance** includes one year of phone/e-mail/remote support (weekdays 8am-5pm Central Time Zone, excluding holidays) for Fed Submit software, plus Fed Submit maintenance releases for the duration of the agreement. Mentalix can perform remote technical support – under the customer's initiation and control – for problem resolution and/or periodic maintenance procedures. Requires that customer has PC Anywhere V12.5 Host. Maintenance releases (designated by the minor identifier to the right of the version number decimal point) consist of problem corrections and updates. Live scan hardware maintenance covers depot repair/replacement of equipment for any problems that arise during normal, wear-and-tear use of equipment.
3. **Restocking Policy:** Mentalix does not accept returns, so we do not have a restocking policy.
4. **For customers who will be submitting data to Texas DPS:** Texas DPS allows Internet submission of fingerprint records for most law enforcement agencies. However, Texas DPS restricts Internet submission to only certain qualifying agencies (consult your Texas DPS contact to determine whether your agency qualifies for Internet submission). Agencies that do not qualify for Internet submission are required by Texas DPS to use a dedicated line, firewall and router.
5. **Fed Submit hardware products** are only sold for use with Fed Submit software.
6. **At this time,** Mentalix does not sell hardware outside of North America.
7. **All products** are sold on a per-seat basis.
8. **All prices listed** are in U.S. Dollars. Prices are FOB Plano, Texas, and do not include any taxes which might be applicable.
9. **Shipping costs** are priced separately and will be calculated at the time of order, based on destination, quantity and equipment purchased.
10. **The terms and conditions** that apply to Mentalix's authorized federal supply schedule price list for GSA contract GS-07F-0014V (see <http://www.gsaadvantage.gov>) also apply to Mentalix's TXMAS contract. Copies of the terms and conditions will be supplied by Mentalix upon request.

**Special Discounts**

1. For qualifying orders, the Special Discounts noted below are applied in addition to any Qty/Volume Discounts as listed in the Price List above. The Special Discounts are based on location. Mentalix's travel expenses are considerably lower for locations within easy driving distance of our Plano office. We pass these savings along to our customers.
2. Orders for installation services that are beyond a 300-mile distance from Mentalix's Plano office do not receive the Distance Discount.
3. The special discounts are applied to the invoice, after Mentalix has ascertained the customer's location.
