Mentalix Receives Prestigious MSDPS Certification

Mentalix is pleased to announce the successful completion of the intensive, multi-day, Mississippi Criminal History System certification process held in Jackson, Mississippi. In conjunction with the Mississippi Department of Public Safety, and the Mississippi Criminal Information Center, Mentalix's line of live scan solutions are now certified for use in arrest, applicant, and Department of Corrections transactions containing ten prints and palms. This certification includes use by civilian establishments, as well as use by law enforcement agencies, and applies to the entire Fed Submit Suite, including live scanners, card scanners, and printers. Mentalix would like to thank the MSDPS for the award, and for the opportunity to more fully serve the people of Mississippi.

More About Mentalix

Mentalix is a Texas-based biometrics industry leader dedicated to unparalleled customer service and unmatched product quality. For thirty years we have proudly worked hand in hand with local and federal agencies across the county, committing ourselves to their success and future growth. With numerous FBI-certified, IAFIS-compliant fingerprint and palm print solutions and hundreds of install sites, Mentalix's API products are key components for top international biometrics developers, and have provided thousands of agencies with accurate and dependable identity management systems From small towns looking to move into the modern era, to large cities and counties, we have solutions to fit every need, and an experienced team ready to assist you every step of the way.

Exclusive Pricing for MSA Conference Attendees

To celebrate our new Mississippi Certification, Mentalix would like to extend a warm welcome to our new partners in Mississippi with an exclusive offer. From now to December 31st, the Complete Mentalix Ten Print Capture System, including installation fee, tower PC, live scanner, monitor, first year maintenance, software, support service, printer, and DSLR mugshot camera will be offered, all inclusive, all for under $15,000 for Criminal Solutions and $10,000 for Civil Solutions. Happy Holidays!

Unmatched Support

Mentalix offers full, personal, professional support services for all our systems, as well as regular refreshment training sessions, an inhouse 24/7 help line based in Dallas (though we doubt you'll need it!), and years of previous law enforcement experience. We know what it's like to be on the other end of the phone, so we know how critical it is to get the help you need and the service you deserve. Our high-quality systems just work, but rest assured if you do require assistance, we'll be there.

Secure Card Conversion Center

Beyond live scan solutions and innovative software, Mentalix offers high-quality, customizable fingerprint card scanning services at our secure card conversion center. From small agencies looking to free up costly physical storage space, to massive state-wide digitization efforts, Mentalix has converted millions of outdated and unwieldy hard cards into accessible digital files on a national scale. Our full-service card scanning option includes protected two-way shipping, barcoding of cards, flexibility in certified fingerprint card formats, imaging of non-cards, and data entry. Additionally, we offer document scanning services for documents accompanying fingerprint cards, or for jobs that only include documents. Let our trained staff and fully outfitted conversion center do the heavy lifting and bring your archive into the future.
